

§ 2519.710

(b) In providing for the remaining share of the cost of carrying out a program, each recipient of assistance must provide for that share through a payment in cash or in kind, fairly evaluated, including facilities, equipment, or services, and may provide for that share through State sources, local sources, or Federal sources (other than funds made available under the national service laws).

(c) However, the Corporation may waive the requirements of paragraph (b) of this section in whole or in part with respect to any program in any fiscal year if the Corporation determines that the waiver would be equitable due to lack of available financial resources at the local level.

§ 2519.710 Are there limits on the use of funds?

Yes. The following limits apply to funds available under this part:

(a) (1) Not more than five percent of the grant funds provided under this part for any fiscal year may be used to pay for administrative costs, as defined in § 2510.20 of this chapter.

(2) The distribution of administrative costs between the grant and any subgrant will be subject to the approval of the Corporation.

(3) In applying the limitation on administrative costs the Corporation will approve one of the following methods in the award document:

(i) Limit the amount or rate of indirect costs that may be paid with Corporation funds under a grant or subgrant to five percent of total Corporation funds expended, provided that—

(A) Organizations that have an established indirect cost rate for Federal awards will be limited to this method; and

(B) Unreimbursed indirect costs may be applied to meeting operational matching requirements under the Corporation's award;

(ii) Specify that a fixed rate of five percent or less (not subject to supporting cost documentation) of total Corporation funds expended may be used to pay for administrative costs, provided that the fixed rate is in conjunction with an overall 15 percent administrative cost factor to be used for

organizations that do not have established indirect cost rates; or

(iii) Utilize such other method that the Corporation determines in writing is consistent with OMB guidance and other applicable requirements, helps minimize the burden on grantees or subgrantees, and is beneficial to grantees or subgrantees and the Federal Government.
